

Interim  
English Grade 7  
Listening Scripts

(Narrator): Look for question number 1.

**(Pause 2 seconds.)**

(Narrator): Listen carefully to the following sentences.

**(Pause 2 seconds.)**

(Narrator): Luis helped his grandfather set up a stand to sell *piragüas* at the park. It was a hot, sunny day, so many people lined up to buy one.

**(Pause 2 seconds.)**

(Narrator): Now listen carefully to the question.

**(Pause 2 seconds.)**

(Narrator): Which statement provides relevant additional information?

**(Pause 2 seconds.)**

**(Note: Pause 2 seconds between options.)**

(Narrator):

- A. Luis wore a hat to protect himself.
- B. There are many people at the park.
- C. Some customers bought two *piragüas* each.
- D. The people at the park love flying kites and running downhill.

**(Pause 2 seconds.)**

(Narrator): Choose the letter of the correct answer.

(Narrator): Look for question number 2.

**(Pause 2 seconds.)**

(Narrator): Listen carefully to the following sentences.

**(Pause 2 seconds.)**

(Narrator): The students went on a field trip to the art museum. They had a guide who gave them a tour of the museum.

**(Pause 2 seconds.)**

(Narrator): Now listen carefully to the question.

**(Pause 2 seconds.)**

(Narrator): What do you **INFER** the students learned from their guide?

**(Pause 2 seconds.)**

**(Note: Pause 2 seconds between options.)**

(Narrator):

- A. The students learned about flowers and trees.
- B. The students learned about a variety of books.
- C. The students learned about different paintings and sculptures.
- D. The students learned about different animals and their habitats.

**(Pause 2 seconds.)**

(Narrator): Choose the letter of the correct answer.

(Narrator): Look for question number 3.

**(Pause 2 seconds.)**

(Narrator): Listen carefully to the following sentences.

**(Pause 2 seconds.)**

(Narrator): The water cycle is a continuous process where water evaporates from Earth's surface into the atmosphere as water vapor. This vapor cools and condenses to form clouds, eventually falling back to the surface as precipitation, such as rain or snow. The water then collects in bodies of water, eventually returning to the atmosphere through evaporation, completing the cycle.

**(Pause 2 seconds.)**

(Narrator): Now listen carefully to the question.

**(Pause 2 seconds.)**

(Narrator): Which sentence **BEST** summarizes the passage?

**(Pause 2 seconds.)**

**(Note: Pause 2 seconds between options.)**

(Narrator):

- A. The water cycle is the process by which water moves from the ground to the sky and back again.
- B. Rain, snow, and hail are different ways that water returns to the ground in the water cycle.
- C. Water vapor condenses into clouds and then falls back to the surface.
- D. The bodies of water evaporate, and this completes the water cycle.

**(Pause 2 seconds.)**

(Narrator): Choose the letter of the correct answer.

(Narrator): Look for question number 4.

**(Pause 2 seconds.)**

(Narrator): Now listen carefully to the question.

**(Pause 2 seconds.)**

(Narrator): Which is the **BEST** way to convince a friend to help you study for a test?

**(Pause 2 seconds.)**

**(Note: Pause 2 seconds between options.)**

(Narrator):

- A. "Laura is the best student in class."
- B. "My teacher gives free tutoring classes."
- C. "Luis and Enid are going to study for the test."
- D. "I can learn a lot from you if we study together."

**(Pause 2 seconds.)**

(Narrator): Choose the letter of the correct answer.
